

Juki LH-3578A-7

2 NEEDLE LOCKSTITCH WITH AUTOMATIC THREAD TRIMMER

The Juki LH-3578A-7 is a 2 needle, direct-drive lockstitch machine. It has a handy control panel which makes it very user-friendly, and a semi-dry head lubrication system which helps to prevent any oil staining to the finished product.

This model is best suited for sewing heavy weight fabrics such as denim. It has the added benefit of being part of Juki's Eco Products range, and is more energy efficient than traditional machines.

APPLICATIONS

A 2 needle lockstitch produces parallel lines of stitching on both sides of the fabric and is perfect for general sewing where seams aren't required to stretch. This machine is ideal for apparel production, but if you have any questions about your individual requirements then please speak to our friendly team and we'll be happy to help.
